FIVE CENTS

State Awards Contract For Thru-Way Plans

Ford Motors Reveals \$4 Billion Sales, \$312 Million Profits

Christmas Seal Sales

Total \$9,337 To Date

CHRISTMAS Seal sale returns moved up to \$9,337.52 yesterday, about \$3,000 short of the required \$12,500 budget of Monroe County Tuberculosis and Health Society's operating requirements for 1955.

There was a noticeable drop in returns counted at TB Society headquarters yesterday, but the society's board of directors looked to returns today, Friday and Saturday to pick up the slackening pace.

5,195 Returns

On the basis of letters in which returns have been made

some 5,195 have been returned to date in a campaign which started a week earlier than the 1955 drive. This time in 1954 there were 5,259 returns.

"That means that almost 3,000 letters on which no returns have been made can put this effort up to quota as the people of Monroe County have done year after year for 35 years," H. G. Heller, president of the society said.

Reminders have been sent out—the first calling attention to the need for returns. Another is being readied with a more ur-

gent plea that persons who received Christmas Seals make some return on them as promptly as possible.

Heavier In 1956

"The responsibility of the society's public health and x-ray program are, naturally, due to be heavier during 1956, because of conditions created by the disastrous Aug. 18-19 flood," Mr. Heller said. "We are geared to meet that important task, provided people who have not yet made returns do so promptly so the cost of our operations can be covered," he added.

Secrets Bared As Prelude To Sale Of Stock

By Sterling F. Green

WASHINGTON, Dec. 21 (AP)—The fabulous Ford Motor empire, soon to shift from family to partial public ownership, today opened its ledgers and bared these long-held secrets:

Assets, \$2,483,000,000; sales in the first nine months of this year, \$4,042,600,000; profits in the same period, a record-breaking \$312,200,000.

10,200,000 Shares

The company informed the Securities and Exchange Commission, in the registration statement required by law for the guidance of investors, that the Ford Foundation, Inc., will sell 10,200,000 shares of voting stock to the public.

It indicated the price would be \$75 a share, but set no specific figure at this time. If that price prevails, the issue will sell for \$50 million dollars, easily the biggest equity stock flotation by any industrial concern in history.

The proceeds will go to the Ford Foundation, set up by the Ford family with the goal of "advancing human welfare." The tremendously rich foundation will reinvest the cash; its income then will no longer be wholly dependent on the Ford Co.'s fortunes.

Part of the proceeds from the sale of the shares will be used by the Foundation when it distributes 500 million dollars over the next 18 months to colleges and hospitals under a program announced last week.

"Epidemic" Demand

A spokesman for the Foundation said that while no assets have been earmarked to pay the grants, current income itself would not be sufficient to make the payments.

Meantime investment firms, reporting that anticipatory demand for the stock is almost "epidemic," said buyers will be limited to 100 shares apiece when 700 underwriters across the country begin selling about Jan. 18.

The Ford prospectus was delivered to SEC at 10 a.m. EST by Ford lawyers. Simultaneously, crews of Ford men here and in 12 other cities began dealing out copies to reporters.

The disclosures—which the 52-year-old auto company never was required to make while it remained a tightly held family corporation—included:

The company "plans to introduce a new passenger car line within the next few years." It did not elaborate, but said the venture will entail "substantial risks" because of outlays for styling, engineering, tooling and "the development of an additional retail dealer organization."

40 Percent Control

The Ford family, which now enjoys 100 per cent control, will be reduced to 40 per cent voting control when the public is let in. (This would be more than ample, however, to give the Ford heirs management control for years to come.)

The Ford directors have voted a dividend of 60 cents a share for first-quarter 1956—a rate of \$2.40 a year, but future dividends will "vary subject to business conditions."

Dividends were paid this year equivalent to \$3.27 a share, reckoned on the new, expanded common stock basis on which Ford is embarking. Of this, \$1.31 was considered "extra dividends."

Earnings in the first nine months of 1955 amounted to \$5.85 a share, again figured on the new share basis.

Ford's biggest salaries—\$321,000 a year each—go to Henry Ford II, president and namesake grandson of the company founder, and Ernest B. Breech, the board chairman, who is credited with a major role in rescuing the firm from its crisis position just after World War II.

Newport, Vt., had 22 below, Portland, Maine, 14 below, Lebanon, N.H., 19 below, Windsor Locks, Conn., 4 below, New York City, 5.9 degrees above zero, High Point, N.J., 8 below.

Trains from the West were arriving up to four hours late. The New York Central's 20th Century Limited pulled into Grand Central Terminal an hour and a half late.

Commuter trains from New York to New England and on Long Island were being delayed from six minutes to an hour. Various mechanical failures were blamed, most of them caused by the cold.

Fires occur
Fires, most of them directly linked to the cold wave, flared up throughout the area. Fifty persons fled a Newark, N.J., apartment in 15 above temperatures just before dawn.

A farm home in Moreland, N.Y., was destroyed when firemen could get no water from frozen streams and wells. A new parochial high school in suburban Rochester, N.Y., suffered \$50,000 damage as firemen battled the blaze for more than two hours in near zero weather.

Winter Arrives This Morning On Heels Of Bitter Cold Wave

OLD MAN WINTER sent some bone-chilling weather ahead to herald his annual advent which begins this morning.

Official lows ranging from zero in the Stroudsburgs to three below at Mount Pocono were recorded yesterday morning. Unofficial readings were several degrees colder.

17 Killed As Airliner Crashes, Burns

JACKSONVILLE, Fla., Dec. 21

—All 17 persons aboard a Boston-bound Eastern Air Lines Constellation died when it crashed and burned in today's early morning darkness only seconds from the landing strip.

The toll pushed the number of dead and missing from three Florida crashes in the past three days to 31. Two other crashes were military craft.

The Constellation was about a half mile from an airport runway making an instrument landing when it struck a clump of trees and crashed.

The craft plowed into a chicken coop, an unoccupied house trailer, and snapped off a large oak tree and several pine trees.

The wings were sheared off, the lowered landing gear wrenched off the fuselage and the engines torn from their mountings.

The terrific impact scattered debris along a path 100 feet wide and 200 yards long.

The pilot—Capt. Tom McBrien of New York—had talked to the airport control tower seconds before the crash and everything aboard was reported normal with the craft on course. The airport reported a 300-foot ceiling and a half-mile visibility.

Army Officer Found Guilty

FT. LEWIS, Wash., Dec. 21

—Lt. Col. Paul V. Liles was reprimanded and "suspended in rank" today after a 10-man Army court found him guilty of aiding the enemy by making propaganda recordings while a prisoner of war in Korea in 1950-53.

The 39-year-old West Point graduate, originally from Birmingham, Ala., was cleared of several other counts. They included accusations he made statements disloyal to the United States and refused to take command of American prisoners in camps where he was the senior officer present.

47 Degrees Below Zero Reading Reported In Adirondacks As Cold Grips Northeast

NEW YORK, Dec. 21 (AP)—The Northeast tonight remained gripped by the worst winter's ever cold wave in years. Temperatures as low as 47 degrees below zero were reported.

Gradual relief was forecast by the Weather Bureau, but not before late tomorrow. Winter officially arrives at 10:12 a.m. EST, Thursday.

The numbing cold and its handmaiden, fire, plunged many sections of the area into misery. Two human derelicts froze to death in Jersey City, N.J.

Motorists Stranded

Trains ran late, power failed, schools closed. Motorists by the thousands were stranded by stalled cars.

The New York Automobile Club handled 7,500 emergency road service calls yesterday and about 10,000 today. Normally it gets 1,500 calls a day from New York City motorists. During the morning rush hour it got 1,000 calls an hour, compared to a normal 125.

There was little snow accompanying the cold wave. Clear blue

Weather Observer Pierre Lake reported at 10 last night that the mercury registered 9 degrees in Stroudsburg—five degrees more than at the same hour Tuesday night, but still mighty uncomfortable.

Meanwhile, at Mount Pocono, Weather Observer Harry Greene disclosed that his thermometer had dipped to a frosty 1 above by 10 p. m.

Elsewhere, the 10 p. m. readings were as follows: Pocono Lake and Lehighton, 8 above, and Milford 4 degrees.

More Cold Weather

The weather man held out the prospect of continued cold weather but with the hope of gradual moderation by today or tomorrow throughout Pennsylvania.

Mostly cloudy weather is predicted for today with light snow flurries in the mountains of northeastern Pennsylvania.

Officially, winter will make its debut at 10:12 this morning when the sun stales its annual call called winter solstice and stands still for a moment at its southernmost point before turning back north again.

To anyone watching in southeastern Brazil, this celestial event would make it appear that the sun—at that precise moment—was directly overhead.

Meanwhile, as the curtain ran down on autumn last night, reports of extremely low temperatures came from all over this area.

Zero at 4 A. M.

About 4 a. m. yesterday, the mercury hovered at the zero mark in Stroudsburg, and had risen to only 3 above by 8 a. m. The borough's high for the day was 18.

Low readings at Mount Pocono yesterday morning ranged between 3 to 6 degrees below. And other unofficial reports from the Tobyhanna area indicated it was even colder up there.

As the area shivered in the aching cold, the lowest official reading was 14 below at Pleasant Mount in Wayne County. An unofficial 20 below zero was reported in Equinunk, also in Wayne County.

It was 13 below at Ararat in Susquehanna County, 9 below at Kane, and 1 below at Seranton.

At mid-morning, temperatures still were near zero to 5 above in northern areas and from 10-15 degrees elsewhere in the state.

Record Is 52 Below

At Owls Head, N.Y., near the Canadian border, Postmaster Clarence Dufore said his two thermometers exploded when the readings hit 30 below.

The New York record is 52 below, recorded at Stillwater Reservoir in Saratoga County Feb. 9, 1934.

The Hudson River, usually an open stream, froze so fast above New York City that a salvage boat was trapped in the ice near Tarrytown with six men aboard. It was the first time in years ice has imprisoned a river craft. A Coast Guard icebreaker moved in to free the vessel.

Boston recorded two below zero, the lowest official reading there since Jan. 3, 1948.

Fire Destroys Nine Buildings At Lehighton

LEHIGHTON, Pa., Dec. 21

—Nine buildings were destroyed and large quantities of Christmas merchandise burned when fire raged through the main business section of this northeastern Pennsylvania community early today.

More than 300 firemen from nine communities, aided by some National Guardsmen, fought the blaze for more than three hours to bring it under control.

Eight firemen suffered frostbite and one person was treated for shock as 15 families were routed into five degree weather.

\$500,000 Loss

Damage totalled about half a million dollars, said Asst. Fire Chief Norman Schneek.

Schneek said the blaze apparently started in the basement of the Bayer paint and wall paper store on South First Street, the main business thoroughfare for this community of 6,600 on the edge of Pennsylvania's hard coal region.

The ruined buildings were two and three-story frame structures, including stores, offices and several apartments.

Forester Admits He Killed Wife

LINCOLN, Neb., Dec. 21

—Lincoln City Forester Darrel Parker has admitted the strangulation death of his 22-year-old wife Nancy, Deputy County Atty. Dale Fahrbruch announced tonight.

Parker said he killed his wife because she was "red" to him, according to a statement released jointly by County Atty. Elmer Scheele, Police Chief Joseph Carroll, Sheriff Merle Karnopp and Capt. Harold Smith of the state safety patrol.

Mrs. Parker was found Dec. 14 in a bed at the Parker home in Antelope Park here. She had been strangled with wrapping twine, gagged with handkerchiefs and her hands had been tied behind her back with a rope.

Parker told authorities earlier his wife was alive when he went to work at the State Capitol in the morning to decorate a Christmas tree in the rotunda. He returned at noon, he said then, to find her dead.

HEINRICH VAN KREPSCHMAR (right), agricultural expert attached to the Dutch Consul-General's Office in Washington, shakes hands with four-year-old David Van Sciver, Tannersville, who was decked out in his best Dutch finery yesterday to greet Van Krepschmar, along with 14-year-old Joyce Hay, Tannersville, a student at Pocono High School. Van Krepschmar came here to make arrangements for his government to send about 1,500 trees and shrubs to East Stroudsburg where they will be planted at the borough's flood-damaged playground. Looking on from left to right are Burgess Jesse S. Flory of East Stroudsburg; Clyde Pyle, district forester, and Rep. Van D. Yetter, Jr. (Staff Photo by MacLeod)

Holland Sending Shrubs, Flowers For Playground

THE PEOPLE of Holland are sending over about 1,500 trees, shrubs and flowers to be planted at East Stroudsburg's flood-battered playground.

Heinrich Van Krepschmar, agricultural expert attached to the Dutch Consul-General's office in Washington, came here yesterday to make arrangements for the good-will shipment.

It was explained that the Dutch Government, on behalf of the people of Holland, wanted to repay the citizens of the United States for their help during the floods of 1953 which caused great damage in The Netherlands.

For Flooded Areas

The Consul-General's office was informed that the Dutch Government decided to make gifts of the trees and shrubs to areas which were affected by last summer's floods in this country.

In turn, Gov. George M. Leader was notified that Pennsylvania would be one of the states which

will be a recipient of the generosity of the Dutch Government.

The Governor then turned the matter over to Dr. Maurice K. Goddard, State secretary of forests and waters, who asked Rep. Van D. Yetter Jr. to suggest an area where the trees and shrubs might be used.

Yetter immediately recommended that they be planted at the East Stroudsburg playground, at which an estimated \$30,000 damage was caused by the August disaster.

Greeted By Officials

So yesterday, Van Krepschmar came to Stroudsburg to look over the selected spot and to arrange with local officials for the shipment of the plants.

On hand to meet him at the Penn-Stroud Hotel were Burgess Jesse S. Flory, District Forester Clyde Pyle, Rep. Yetter, representatives of the East Stroudsburg Council and many members of the borough's Citizen's Playground Committee.

Also there to greet the Dutch

agriculturalist were two youngsters dressed in Dutch costumes, complete with wooden shoes. They were Joyce Hay, 14, Tannersville, a student at Pocono Township High School, and four-year-old David Van Sciver, also of Tannersville.

Burgess Flory, in accepting the gift, conveyed the borough's thanks to the people of Holland. And he expressed the hope that the trees and shrubs would remain "a symbol of the perpetual friendship existing between the two countries."

Arrive In April

Mr. Flory said later the shipment, which is expected to arrive in this country sometime next April, will include azaleas, rhododendrons, hybrid lilacs and other plants, as well as oak, copper beech, foliage maple and mountain ash trees.

Since only small plants will be shipped, Mr. Flory explained it will require a year of special nursery treatment before they can be set in their permanent locations.

Eisenhowers Visit New Grandchild

WASHINGTON, Dec. 21

—It's another girl at the Eisenhowers, and her name is Mary Jean.

The new daughter of Maj. and Mrs. John Eisenhower and granddaughter of President and Mrs. Dwight Eisenhower was born at 4:58 p. m. at Walter Reed Army Hospital, weighing in at 7 pounds, 2 ounces.

Maj. Eisenhower telephoned his father at his office to give him the good news that the baby was here and that she and her mother Barbara were doing well. This raises the number of their children to four, three daughters and one son.

Since Maj. Eisenhower is an only child, the score for grandchildren is the same.

The President and Mrs. Eisenhower arrived at the hospital at 6:25 p. m. with Mrs. John S. Doud, Mrs. Eisenhower's mother, and visited for 55 minutes with the mother and the newest addition to the family.

Railroaders Given Increase

CHICAGO, Dec. 21

—The nation's railroads and union representatives tonight signed an agreement giving about 750,000 nonoperating employees a wage increase of 14½ cents an hour plus company-paid hospital and medical benefits.

Engineers To Commence Work Soon

CONTRACTS FOR design, plans and specifications for the limited access thru-way for the Stroudsburgs have been given to Gannett, Fleming, Coddry & Carpenter, the engineering firm which did all the survey work leading up to presentation of "the line" shown locally a few weeks ago.

Rep. Van D. Yetter said yesterday an official of the firm advised him that corps of field engineers will come into the area to begin work on the design, planning and specifications early in January.

Nine-Month Limit

Mr. Yetter said the contract award to the firm, which has designed many major highways throughout the nation, requires that the final design work be completed within a period of nine months.

Once this work is ended, Yetter said, the State Highway Department will be in a position to call for bids on the project which will cost an estimated \$10,000,000.

The engineer firm has received recommendations from Edward C. Hess, Stroudsburg, engineer for the Borough of East Stroudsburg covering proposed changes in the current plans for an interchange in that borough.

Yetter said the engineers advised him that every consideration will be given the Hess proposals in final work on the design.

Two Bridges

The proposed line of the limited access highway includes two bridges and six interchanges. The bridges are located at Coates Road & Carlton Co. plant near Minisink Hills where one will cross both Lackawanna Railroad and the Brodheads Creek and, another, crossing the Brodheads in the vicinity of Prospect Cemetery to the old W. B. & E. Railroad right-of-way back of V. F. W. home in Stroudsburg.

One interchange will be located in East Stroudsburg—the source of possible revision proposed by Hess, another at Broad St., one at Seventh St. bridge, a limited interchange for Dreher Ave., one for West Main and another on Route 611 just west of Stroudsburg.

Adlai's Son Badly Hurt

ELKHART, Ind., Dec. 21

—Adlai Stevenson's son John was hurt severely today as his car crashed into a truck on a railroad overpass east of Elkhart, killing two Harvard classmates riding home with him.

Killed as they rode beside young Stevenson in the front seat of his car were two Harvard University students, sons of wealthy Chicagoans—William Stanley North III, 19, Lake Forest, Ill., and William C. Boyden Jr., 19, Chicago.

The 19-year-old son of the 1952 Democratic nominee for president was taken to a hospital in Goshen with a broken right kneecap and severe face cuts and nine teeth knocked out. His condition was called "good."

A fourth student, James F. Gilligan, 19, Nebraska City, Neb., riding in the rear seat of the car, also was injured.

Stevenson chartered a private plane to fly from Chicago to the hospital, taking along a Chicago bone specialist, Dr. James Stack. Arriving with him were Mrs. Stevenson's mother, Mrs. John Alden Carpenter; Stevenson's law partner, Willard Wirtz, and press secretary, Roger Tubby.

Stevenson and his wife have been divorced.

Lausche To Seek Nomination For Seat In Senate

COLUMBUS, Ohio, Dec. 21

—Ohio Gov. Frank J. Lausche announced tonight he will seek the Democratic nomination for U. S. senator at the May primary election.

The 23-word announcement opened the way for a possible clash with Republican U. S. Sen. George H. Bender of Ohio in the November general election.

Lausche's declaration, handed newsmen without comment, followed by one week his decision to seek a slate of delegates pledged to him as Ohio's favorite son candidate for president at the Democratic national convention in Chicago next August.

The toys were sent here through the Junior Red Cross.

Stroessner Nips Revolt In Paraguay

By Nestor Verdina

ASUNCION, Paraguay, Dec. 22 (AP)—President Alfredo Stroessner revealed today a "command crisis" broke out yesterday in a cavalry division but said the situation was well in hand.

Other sources said the outbreak actually was an unsuccessful revolt against Stroessner's government, involving not only some cavalry units but the entire Asuncion police force. Stroessner's communique, addressed to the people of Paraguay, was the first official acknowledgment of reports of trouble circulating since last night. The President stressed that "complete tranquility reigns" throughout the country. Asuncion was calm. Government activity and business were normal despite confused unofficial accounts of the plot.

Internal Crisis

The communique said the trouble began at dawn Wednesday at Campo Grande, a big cavalry post 15 miles from the capital, and called it merely "an internal situation motivating a crisis of command" without giving any details.

The crisis, the communique added, "did not alter the harmonious understanding between the government, the National Republican Assn. (the ruling Colorado Party) and the armed forces."

Reliable sources said earlier that part of the cavalry division joined with the capital's police force in an effort to oust Stroessner.

The rebellion collapsed, they said, partly because the whole division failed to join in the plot and partly because of prompt government action. There has been no fighting in the city and none has been reported elsewhere in Paraguay. One informant said the rebels were routed without a single shot fired.

Girl Reports Being Kidnaped Twice In Hour

LOS ANGELES, Dec. 22 (AP)—A 9-year-old girl told police that different men kidnaped her twice within an hour from a downtown bus station.

Juvenile officers, who declined to give her name, said that while her mother was buying a ticket the child was lured from a popcorn machine by a man who said: "Come with me. I have a Christmas present for you."

He took her to a pickup truck and drove her around for several minutes and molested her, officers said. Then he let her out near the station and while she was standing weeping, another man pulled her into an alley and tried to attack her. Her screams drew him off. A passer-by called police. At a receiving hospital, doctors said, she had not been raped.

Nickel silver, an alloy of copper and zinc, is used extensively for decorative hardware in railroad passenger cars.

Stevenson Takes Son To Chicago

CHICAGO, Dec. 22 (AP)—A tired-looking Adlai E. Stevenson brought his son, John F., to Chicago by ambulance today for treatment of injuries suffered in a highway crash that killed two of the youth's Harvard friends.

Stevenson, Democratic presidential candidate, and another son, Adlai Jr., went along on the 115-mile ambulance trip from Goshen, Ind., near where the collision occurred yesterday.

The Democratic leader appeared grim and distraught when the ambulance pulled up at Passavant Hospital, on Chicago's near North Side. He made no comment on arrival but stepped quickly into the elevator that took his son to the third floor where a private room was reserved.

Visited by Mother

Later Stevenson's divorced wife, Mrs. Ellen Borden Stevenson, visited her injured son in his room.

Mrs. Stevenson conferred with her former husband in the hospital room about the mishap and the injuries.

Young Stevenson, 19, suffered a shattered right kneecap, broken jaw, and other lesser injuries when his car carrying three Harvard schoolmates was struck head-on by a truck north of Goshen.

Killed were William Stanley North III, 19, Lake Forest, Ill., and William C. Boyden Jr., 19, Chicago. The fourth youth in the car, James F. Gilligan, 19, was injured.

Young Stevenson was reported in "satisfactory" condition.

Frederick Gill, 29, the Detroit driver whose truck collided with the Stevenson car, was indicted by an Elkhart County grand jury today for involuntary manslaughter and reckless homicide.

Roped Elk Kills Horse

CARDSTON, Alta., Dec. 22 (AP)—Cowhand Wallace Jensen of the Church Ranch roped a bull elk he came upon while riding the range unarmed, but failed to down him. The elk charged, killing Jensen's horse. The elk was bagged next day with a shot, still trailing the lariat from his neck.

N.E. Turnpike Interchange To Be Opened

HARRISBURG, Dec. 22 (AP)—The Pennsylvania Turnpike Commission said it will open a temporary exit on the new Northeastern extension of the toll road next Wednesday near Emerald, Lehigh County.

Chairman G. Franklin McSorley said the new interchange will provide a connection with Route 29 and will remain open until completion of the proposed Mahoning Valley interchange. Paving of the toll road has been completed to the temporary interchange point.

The temporary interchange will be 47.6 miles from the beginning of the extension at Plymouth Meeting, near Norristown. The southern half of the extension, as far north as Allentown, was opened last month.

The Northeastern extension will run to near Scranton when finished.

Previously opened are interchanges at Lansdale, Quakertown, Plymouth Meeting and the Allentown-Easton-Bethlehem area.

Weapons Drive

NEW YORK, Dec. 22 (AP)—Veterans and others who possess souvenir weapons can turn them in to the police "without red tape" until Jan. 31. Police Commissioner Stephen P. Kennedy announced the period of grace in a new campaign to get weapons, which may be dangerous. Ordinarily, turning in a weapon requires approval of a magistrate.

Governor Signs \$561 Million School Appropriation Measure

Hardest-Hit Schools To Get First Checks

HARRISBURG, Dec. 22 (AP)—Gov. Leader today signed a \$561 million dollar school appropriation, paving the way for easing the financial pinch for schools throughout the state.

The Public Instruction Department immediately made ready to issue requisitions for 130 million dollars in checks to go first to the hardest-hit school districts.

Dr. Ralph C. Swan, acting public instruction superintendent, said he expected initial checks to be in the mail within two weeks.

The governor emphasized, in signing the bill, that the funds to finance the huge appropriation—one of the largest in the history of the Commonwealth—are still forthcoming.

May Borrow Funds

To meet urgently distressed cases the Commonwealth plans to use money from existing taxes and, if necessary, borrow money from highway funds.

The big appropriation covers state aid for schools over a 24-month period starting last June 1 as well as operation of state teachers colleges and the department itself.

Leader, noting the Commonwealth's current tax dilemma, emphasized that the appropriation bill does not raise money, adding:

"In order to get the cash we need, a tax measure will have to be passed and signed into law and put into effect."

The Legislature has been in session for nearly a year with no signs of reaching an agreement on a tax program. The lawmakers are currently in recess until next Wednesday.

Owe 2,461 Districts

Dr. Swan stood by as the governor signed the big appropriation—it represents nearly half of the general fund budget—and said first payments wouldn't take place until the end of the first week in January "or even later."

Leader said in his statement that money is owed by the state to 2,461 school districts in the state. "At the moment we have some plans which, if successful, will enable us to pay outcome money in January," said the governor.

Music Program Presented At Pocono School

TANNERSVILLE — Pocono Township School students presented a full-length Christmas musical in the school auditorium Tuesday night. A large audience attended the program.

Title of the show was "Pardon Me, Santa." The book and lyrics were written by Valer R. Lehman and the music was composed by Ruth Dale.

Members of the cast were Elizabeth Fralley, Anna Marie Ruehlman, Carol Derrick, Farley Peechatka, Nancy Beseker, Glenn Bising, Robert Below, Tommy Williams, James Hay, Bonnie Kay Beseker, Marjorie Vishnesky, Donald Law, Patricia Brader, Susan Brown, Boyd Tallada, Leah Paul, Sharon Canfield.

Faculty Members Assist

For the staging of musical numbers the students in the choral department and their director, Mrs. Mary Rees, were assisted by Mrs. Marguerite Walton, faculty English instructor who stages the school's dramatic productions. Other faculty members aiding with the production were John Montgomery, Robert Bullock and Harry Wertheimer.

Accompanists for the musical numbers were Beverly Peechatka and Doris Doll. Among the selections heard were "Bells of Christmas," "All I Hear Is No," "Days That Used To Be," "The Musical Christmas Card," "When I Was Young," "At Grandma's For Christmas," "Santa Claus Is Coming," "Silent Night," "Go To Bed Early," "There's Only One Santa Claus" and "Merry Christmas."

Hospital Notes

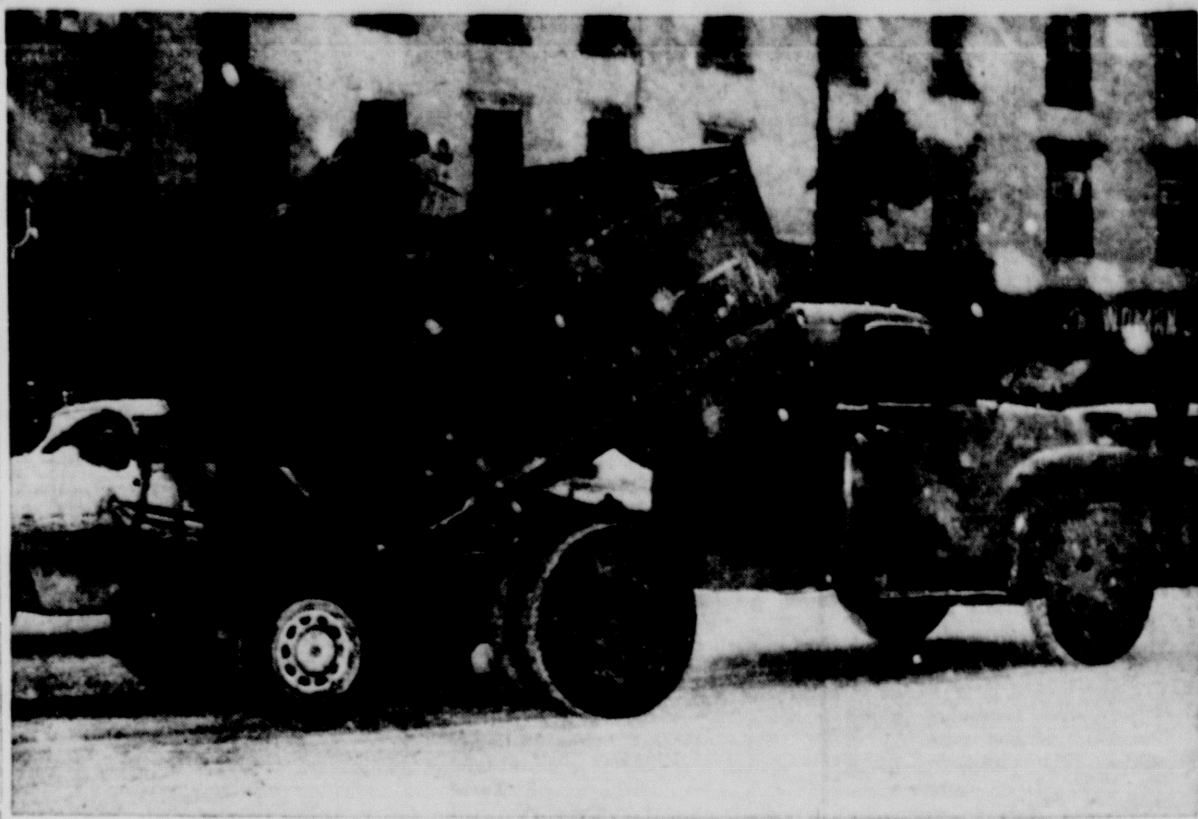

Admitted
Mrs. Betty Elwine, Allentown; Richard Hockrein, Portland; Lewis Kresge, Blakeslee; Irauna Meinhart, East Stroudsburg.

Discharged
James Peters, Trenton, N. J.; Mrs. Josephine Fenner and daughter, East Stroudsburg; Mrs. Nancy Deubler, East Stroudsburg; Teresa Ann Shick, East Stroudsburg; Mrs. Betty Dailey, Stroudsburg RD2.

To Entertain Children

MOSCOW, Dec. 22 (AP)—Seventy thousand Soviet youngsters are expected to romp in the splendor of the Georgian Hall ballroom of the Czars in the Kremlin during the New Year holiday. The custom of entertaining schoolchildren there once a year was started in 1933.

Bridge Truss On Truck Hits Traffic Light

A HEAVY cargo being carried by a tractor-trailer caused extensive damage to the traffic light at the intersection of Washington and S. Courtland Sts., East Stroudsburg, yesterday.

Borough Police reported John A. Toney, 25, Wilkes-Barre, turned his large truck into S. Courtland from Washington St. when a huge steel bridge truss smashed the traffic signal. An estimate of the damage was not available.

Toney told police he was delivering the trusses—each measuring about 72 feet in length—to New York State. A portion of the load extended over and in front of the cab of the tractor-trailer.

Neidorf Earns M. A. Degree

ROBERT A. Neidorf, son of Mr. and Mrs. S. L. Neidorf, Delaware Water Gap, has received the degree of Master of Arts in Philosophy from the University of Chicago.

Neidorf was one of 253 students who were graduated Dec. 16 in the University's 268th convocation in Rockefeller Memorial Chapel. Neidorf is a graduate of the Rutherford, N. J. public school system. He is married and is now living in Chicago.

Kefauver Sees Segregation Issue Perilous Schools

NORFOLK, Va., Dec. 22 (AP)—Sen. Estes Kefauver (D-Tenn.) said here today it would be "tragical" if the public school system in the South were destroyed or damaged in efforts to avert racial integration.

Kefauver arrived here for the christening of the daughter of old friends and to speak at a civic gathering. He held a press conference at the airport.

"My feeling is that it is the law of the land," he said, when asked about the Supreme Court ruling against racial segregation in the schools.

"The Supreme Court was unanimous in its opinion against enforced segregation in public schools. It is a problem that must be worked out with time and patience. It is important that the races get together, and make plans to work out the situation."

Doorbell Rings; Fire Is Cause

CHEVY CHASE, Md., Dec. 22 (AP)—The doorbell ringing in the middle of the night awoke Mr. and Mrs. Julius Lombard and their daughter.

It was neither a welcome guest nor a needy stranger—it was fire in the basement which short-circuited the wiring and caused an estimated \$5,000 damage early Wednesday.

Firemen said it could have been really serious if that bell hadn't started ringing.

Meat packers must sell \$10 worth of products to earn four cents in profit, according to the North Carolina State College School of Agriculture figures based on 1954 operations.

AP Poll Of Editors Shows August Flood Top News Story Of Year In State

PHILADELPHIA, Dec. 22 (AP)—The August floods, which took 98 lives, were voted the top news story of 1955 in Pennsylvania.

Editors and newscasters balloting in the annual Associated Press poll to determine the top 10 stories of the year in the commonwealth listed the tragic floods over the tax battle still raging in the state legislature.

Here is the final vote: 1. The flood; 2. The tax deadlock; 3. Up-surge of the Democratic party in Pennsylvania; 4. Convalescence of Eisenhower at Gettysburg; 5. Abortion death of Mrs. Doris Ostreicher; 6. Granting of more than \$38,000,000 to Pennsylvania colleges by the Ford Foundation; 7. Pennsylvania Turnpike slaying case; 8. Probe of professional boxing in Pennsylvania; 9. The short-lived steel strike and eventual settlement; 10. Development of Salk vaccine by University of Pittsburgh professor.

Poconos Hardest Hit

The floods struck August 18 with the hardest-hit area the Pocono Mountain region. The two boroughs of Stroudsburg and East Stroudsburg, a vacation resort area were inundated. Thirty-eight men, women and children died at Camp Davis, a vacation site two miles north of Stroudsburg. Millions of dollars in damages were caused by the rampaging waters.

The number two story of the year is carrying on into 1956. Gov. Leader is trying to get a tax through the legislature to balance the budget. He offered a classified income tax and then a manufacturing excise tax. The Republicans beat down both and offered instead an increased sales tax. Gov. Leader is pledged against a sales tax.

The Democratic political gains in the state won the number three honors. Philadelphia, which gave defeated presidential candidate Adlai Stevenson a 161,000 vote majority over President Eisenhower in 1952, didn't change its sentiments. The state's largest city voted Richardson Dilworth in as Democratic mayor to succeed Democrat Joseph Clark, by a 132,000 majority. Statewide, the Democrats picked up five other mayorships.

President Eisenhower's heart attack was a world wide story, but his convalescence at Gettysburg was a Pennsylvania story.

Ostreicher Death
On August 24, Philadelphia became the scene of a story which brought nationwide interest when a beautiful heiress, Mrs. Doris Jean Ostreicher collapsed and died in a North Philadelphia apartment under mysterious circumstances.

Addison Learn Dies At 89 In Tannersville

ADDISON Learn, 89, died at the home of his son, George A. Learn in Tannersville at 3:30 a.m. yesterday.

He had been in failing health five years; confined to his bed the past two years. He was born in Tannersville, son of the late David and Anna Miller Learn and had lived all his life in that region.

He was a member of Tannersville Lutheran Church; was superintendent of the church Sunday school for more than 50 years and had served many years on the church council and taught an adult Bible class there. He held membership in the P.O.S. of A in Tannersville and operated a general store in that village for nearly 60 years.

Surviving, besides his one son, are a brother, A. C. Learn; two sisters, Mrs. George Mader and Mrs. Adam Anglenyer, all of Tannersville; five grandchildren; five great-grandchildren.

Funeral services will be held Monday at 1:30 p.m. at Gantzhorn funeral home in Tannersville with burial in the Tannersville Cemetery. Rev. E. T. Horn will officiate. Friends may call at the funeral home Sunday after 7 p.m.

Stroud Files Application

AN APPLICATION for 50 subsidized housing units for Stroud Township have been forwarded to the Public Housing Administration by the Monroe County Housing Authority.

Rev. Roger C. Stinson, authority chairman, disclosed last night that the necessary census data was gathered so that the application could be made for the units and \$10,000 in initial planning funds.

Earlier, the authority applied to the Federal agency for 100 units and \$20,000 in planning funds for East Stroudsburg, and for an additional 50 units and \$10,000 in planning money for the twin borough.

In all, the authority is asking for 200 low-rent units and \$40,000 in planning funds for Monroe County.

Hunter Admits Killing Friend By Accident

RIDGWAY, Dec. 22 (AP)—A hunter from Mt. Pleasant, Westmoreland County, told police today he accidentally shot and killed a Jeanette tavern owner last Nov. 28 while both were deer hunting.

Dist. Atty. Alvin Coppola of Elk County said a charge of involuntary manslaughter will be filed against James Hrbal, 56, in the death of Nicola Pascuzzi, also 56. Pascuzzi's body was found in the woods near here by two hunters who reported the shooting to police.

Hrbal denied any knowledge of the shooting when questioned by police earlier. Hrbal admitted the slaying in a tape-recorded statement today. Hrbal said Pascuzzi had been kneeling in front of him, but suddenly stood up just as he (Hrbal) pulled the trigger of his gun.

J. H. Stoner Named Director, General Manager Of Carlisle Plant Making Road Machinery

J. H. STONER, former director of manufacturing at the East Stroudsburg plant of the Ronson Corp., has been appointed a director and general manager of the Carlisle plant.

The appointment was announced yesterday by Paul Vaik, president, and was made Dec. 17 at the annual meeting of the firm, which manufactures parts for all types of road-grading, snowplow and bulldozer equipment.

At the same time, Mr. Vaik disclosed that Mr. Stoner has purchased a 20 percent stock interest in the company and will become an active partner. He will assume his duties as general manager in charge of manufacturing, purchasing, traffic, finance and sales on Jan. 1.

The major product now being manufactured is heavy steel grader blades, which are shipped by the firm's own fleet of trucks throughout the Northeastern, Middle Atlantic and Southeastern area of the United States.

Active in Community

Since submitting his resignation at Ronson's about a year ago, Mr. Stoner has been engaged in his own management consulting business. He also has been active in numerous community projects.

At present, Stoner serves as campaign chairman of the Community Chest, executive director and secretary of the Monroe County Housing Authority, coordinator of the East Stroudsburg borough council and program chairman of the Industrial Management Club.

Before coming here, Stoner served as manufacturing manager of the Paulsboro Manufacturing Co., Allentown, and consulting plant manager of Time & Life, Inc.

Mrs. Stoner Active

Mrs. Stoner has also been active in community affairs, being first vice president of the Monroe County Republican Club, a member of the International Affairs Committee of the Women's Club, co-chairman of the Heart Fund and a member of the AAUW.

The Stoners will make their home in Carlisle. They have two children: A daughter, Mrs. Beth Schaefer, Allentown, and a son, Marine 14 J. H. Stoner Jr., stationed at Camp Pendleton, Cal.

Gov. Leader Plans Holiday With Family

HARRISBURG, Dec. 22 (AP)—Gov. Leader like most other Pennsylvania state officials—will spend Christmas in the time-honored fashion—at home with his wife and three children.

But the Leader youngsters will have to exercise no mean amount of patience in the matter of opening their Christmas presents.

That most important part of the Yuletide observance for children will not come to pass until 5 p. m. Monday—the day on which Christmas is officially being observed in the state this year.

It's not that the chief executive wants to test the patience of his brood.

35 Family Guests
It just happens that it will be then that all of the 35 Leader family guests will be on hand at the downtown Harrisburg executive mansion for a mass present opening party.

Though the hustle and bustle of being the first lady of the state might have some drawbacks, Mrs. Leader takes no secret delight in the fact that this year, for the first time, they will have ample room to accommodate all their holiday guests for one big celebration.

One member of the governor's official family will spend part of the holiday cutting trees.

He's Dr. James C. Charlesworth, secretary of administration, who plans to spend Sunday and Monday going over the 150 miles of the Appalachian and Horse Shoe trails he is responsible for keeping clear.

Lt. Gov. Roy E. Furman will leave for his Waynesburg residence with his wife and son just as soon as the boy is given his Christmas leave from a Harrisburg school.

There are more than 28 million people in the United States who play a musical instrument, says the American Music Conference.

Flood Gift Approved

CAIRO, Dec. 22 (AP)—The Egyptian Cabinet has approved a gift of \$43,000 for relief of flood-stricken people in Lebanon.

Man Charged With Driving While Drunk

DANIEL D. HESS, 48, Saylorsburg RD1, has been charged with operating a motor vehicle while under the influence of liquor, as a result of an accident in Stroudsburg at 2:10 a.m. yesterday.

Following a hearing before Justice of the Peace Samuel Lee, of Stroudsburg, Hess was released in \$500 bail for the next term of court.

Borough police said Hess was driving west when his car struck the Pocono Creek Bridge on the Tenth St. side on W. Main St. The auto then bounced back and hit a curb which guards the pedestrian walk over the temporary span.

The mishap was witnessed by Officer Richard Wolbert, who was on patrol about two blocks east of the bridge. The policeman said Hess continued driving until mechanical failure caused him to stop near the Morey School building.

Hess was examined by a physician at the borough lock-up.

Farm, Retail Price Spread Has Widened

WASHINGTON, Dec. 22 (AP)—Secretary of Agriculture Benson today cited pork and beef as "stand-out" examples of food items in which consumers have failed to benefit fully from declines in farm prices.

He said the failure of retail prices to follow decreases in farm prices has now pulled the farmers' share of the consumer food dollar down to 39 cents, the lowest since 1940.

A year ago the farm share was 42 cents and the record high was 53 cents in 1945.

Notes Difference

In a statement, Benson said retail food prices in November were down only 2 per cent from a year ago but that farm prices had fallen 10 per cent.

"Marketing and handling charges increased 5 per cent during the same time," the secretary said.

He cited figures, showing for example, that between November 1954, and November this year, farm prices for a pound of pork had dropped 10.3 cents but that retail prices had declined only 6.6 cents.

Likewise, he said, the farm value of a pound of beef dropped 10.1 cents while retail prices went down only 4 cents.

DUMB LIKE A FOX!

Folks say we're nuts to dish out ladies dresses like these for such ridiculously low prices — \$2.99, \$3.99, \$4.99 and up to \$8.95. Especially when other stores in larger cities get \$3 to \$5 more for their dresses.

But we're not as crazy as you think. You see we depend on large volume and small profits — that's where we have the edge on other stores. We sell as many dresses in a day as many out-of-town stores sell in a week. Small wonder that folks call us the busiest little store in town. Small wonder too, that Jay Ann is generally so jammed with bargain hungry throngs who save so much by shopping with so little at Jay Ann. So see for yourself. Tear this ad out as a reminder and make a bee-line to Jay Ann Shop, 632 Main St., Stroudsburg, and see for yourself how Jay Ann, the newest store in town, is setting a price wrecking record in Stroudsburg. Open tonight until 9:00.

How to please a lady this Christmas . . . just leave a gift certificate and smart miniature Naturalizer gift shoe under her tree!

You indicate the value of the gift certificate, she exchanges it here for the Naturalizer Shoes of her choice. It's the smart, simple way to gift shop! Come in today and solve your gift problem.

East Stroudsburg High Opposes Northampton In Tournament

Cavaliers Lift Lid On Schedule

EAST Stroudsburg High will assist in lifting the lid on the fifth annual Lehigh Valley League Invitation Basketball Tournament at Slatington's Smith Hall today when the undefeated Cavaliers battle a tough Northampton crew in the first half of a doubleheader.

The Cavaliers will be making their fourth tournament appearance and will be out to improve on a record of four wins and three defeats in this annual affair.

East Stroudsburg has won over Stroudsburg, Alumni, Wilson Borough and Coplay without suffering defeat.

Northampton, stacking up against the best in the Lehigh Valley, has won two games and dropped three encounters.

Lineup
Coach Dick Forster revealed yesterday that he would stick with the same lineup that has carried the Cavaliers over most of their hurdles.

Jim Kimler and King Beers will man the forward berths, while Co-captain Danny Marvin will be at his usual center post. Co-captain Dick Gray and Harry Miller will handle the starting guard assignment.

Bob Notz, Elwood "Woody" Mosteller and Tony Harlacher will also probably see duty for the N. Courtland St. cagers.

Marvin, Kimler and Beers will be given the task of controlling the backboards in addition to leading the offense.

Gray and Miller will direct the floor game and each will also be called upon to add to the offensive output.

Outstanding.
Jerry Simcoe is Northampton's big gun and is being billed as one of the best players in the Lehigh Valley at this point in the season. Simcoe is among the leading scorers in the area.

The East Stroudsburg-Northampton contest is set for 7:30 p. m., while Jim Thorpe and Slatington battle in the nightcap at 9 p. m.

Two other opening round games will be played on the same court next Tuesday. Weatherly and Lehighville clash at 7:30 p. m. and Summit Hill and Emmaus battle at 9 p. m.

Semi-final activity will be held next Wednesday and the championship tussle a week from today.

East Stroudsburg finished third in the tournament last year.

Courses Open To Negroes

ATLANTA, Dec. 22 (AP)—A federal judge today ordered the city of Atlanta to permit Negro's immediate use of municipally owned golf courses and the mayor said he would comply.

Mayor William B. Hartsfield said there was no alternative but to close down and cease operation of them, and he indicated that would not be desirable.

He added that future use of the courses by the majority of white players will determine whether golf is continued as a municipal project. Swimming pools and playgrounds are not affected and will continue to operate on a segregated basis as before, he said.

Statement
"Should we close our courses, it would deprive nearly 10,000 white players and nearly 100 city employees of their jobs and their rights in order to deny a few dozen Negro players the use of the golf links," he said in a statement.

The order by U. S. District Court Judge Boyd Sloan, followed a U. S. Supreme Court decision November 7 overruling an appeals court which held that Negroes could use the courses on a segregated basis. The City of Atlanta, as the loser in the case, was ordered to pay \$100 to the three Negroes who brought the case into the court. This was to partially cover the expenses of the suit.

Hartsfield said opening the courses to Negroes constitutes no precedent and is no bold departure from other Southern cities, many of which have long since met and solved this situation.

Banquet Date Selected
SAYLORSBURG — Saylorsburg's baseball team, pennant winner in the Pocono Mountains League last season, will hold a banquet here at Varken's Diamond Inn on Saturday, January 7.

State To Face Detroit Five

UNIVERSITY PARK, Dec. 22 —Penn State, its basketball stock on the rise since its 83-75 victory over Colgate, draws Detroit as its opening opponent at the Motor City holiday tournament in Detroit, Tuesday and Wednesday.

This will be Penn State's third straight appearance in the tournament, which went to the host in the last two years. Other in the 1955 revival are Toledo and Brigham Young University.

Toledo and Brigham Young, the pre-tourney favorite, will collide in the opener Tuesday night, fol-

SHAWNEE ENTRY — Pictured above is the Shawnee Country Club entry in the recent Bermuda Goodwill Golf Tournament. The photo was taken at Riddell's Bay Golf and Country Club. The Shawnee team was the defending champion, but finished fourth this year. The group, left to right, consists of John Gilboy, Scranton; Ev Hetland, Bermuda; Stan Dudas, former assistant pro at Shawnee and now head pro at North Hills Country Club, and Leo Parish, Scranton. Dudas won pro honors in the tournament.

Miami Back Joins Southern Squad For Senior Bowl Tilt

MOBILE, Ala., Dec. 22 (AP)—A four-year halfback for Miami who rushed for 309 yards this season for the Florida school despite injuries was named today to the South team for the Jan. 7 Senior Bowl game.

ESSTC Booter Earns Mention

Craig Leatherman, outside right on the East Stroudsburg State Teachers College soccer team, yesterday was named to an honorable mention soccer position by the Pennsylvania, New Jersey and Delaware Area All-American Selection Committee of the National Soccer Coaches Association.

Leatherman, veteran campaigner on Normal Hill and an Army veteran, was one of three given honorable mention in the outside right position.

Soccer players from 24 colleges figure in the selections. The selections were made by a rating system involving votes of all coaches and officials after each game. The results of this poll have been forwarded to the National Soccer Coaches Association for further action.

Hoffman Sets Pace

UNIVERSITY PARK, Dec. 22 —Co-captain Bobby Hoffman and sophomore Steve Baidy currently are running one-two in the college team as Penn State grids for its next test in the four-team Motor City basketball tournament at Detroit, Tuesday and Wednesday.

Hoffman, who switched from football to basketball in a matter of days, boasts a respectable 15.8 average in five games as compared with Baidy's 15.2. Hoffman's points total 79. Baidy's total is 76. Third man is co-captain Earl Fields with 58.

Record
The Nittany Lions, who'll face Detroit in the opening game of the two-day tourney, own three wins in five starts, beating Dickinson, Rutgers and Colgate while losing to nationally-ranked North Carolina State and DePaul University of Chicago.

lowed by the Detroit-Penn State duel. Detroit is conceded an outside chance to retain its title largely on the strength of its opening game victory over Notre Dame.

Brigham Young began its season impressively, beating UCLA and Oregon both at home and away in its first four starts. Brigham Young is a perennial power in the tough Skyline Conference.

Penn State owns three wins in five starts, losing only to nationally-ranked North Carolina State and DePaul of Chicago.

Muhlenberg Boasts Perfect Court Mark

ALLENTOWN, Dec. 22 — The Mules gave Coach Birney Crum an early Christmas gift by brushing past Moravian and Delaware to record their fifth and sixth victories without a loss.

The Bergmen pummeled Moravian by a 97-85 count. After trailing for the first seven and a half minutes of the contest, the Mules took an 18-17 lead on a deuce by Cady Gemma. The Greyhounds were never able to regain the lead, although they managed to keep the fat in the fire for the remainder of the half, which ended with Muhlenberg ahead, 50-44.

The Mules opened up a 10-point margin early in the second half and hung on to it until the final buzzer, despite the brilliant work of Moravian's Fritz Toner and Skip Fegley. Toner, a 5'9" sophomore from Bethlehem, racked up 40 points, to set a new Memorial Hall individual scoring record. Twenty of his total came on free throws, Fegley hit for 29 markers.

Pace Attack
Bob Gall led the Mules with 25. Close behind were Bill Smith with 21 and Clint Jeffries with 20.

The Bergmen lambasted Delaware 106-82, making it the second time in the last three games that they have surpassed the century mark.

The Mules took the lead in the first minute of play, and although they weren't headed after that, the Blue Hens kept within hailing distance until the ten-minute mark in the second half. At that point, Denny Roth and Jeffries combined to run up seven straight points and the deluge was on.

Delaware center Jack Waddington was high for both teams with 26 points.

Jeffries and Gemma led the Cardinal and Grey attack with 25 and 22 points, respectively.

Muhlenberg will be idle until Dec. 28, when they journey to Hempstead, Long Island to participate in the Hofstra Invitational Tournament. Coincidentally, Delaware will be the Mules' first-round opponent.

Attendance Sets Record

COLUMBUS, Ohio, Dec. 22 (AP)—More people went to harness races this year and bet more money than ever before, the U. S. Trotting Assn. announced today.

It said the new all-time highs continued the post-war upward trend in both attendance and betting at harness races. Attendance was up 1.1 per cent, betting 7.2 per cent and revenue to the 12 states which permit pari-mutuel wagering was up 8.2 per cent.

Officials
Association officials said the increases were registered despite bad weather and New York Thruway construction at Yonkers Raceway in New York, the nation's most prosperous sultry track.

Attendance rose from 10,133,203 last year to 10,242,678 this year; wagering from \$144,845,200 to \$176,728,009 and state revenue from \$31,745,694 to \$34,213,535. There were 24 more racing days this year.

In 1950, 6,981,578 persons attended the races and bet \$238,258,159 on the trotters and pacers.

Missouri Valley Set To Depart

MARSHALL, Mo., Dec. 22 (AP)—The Missouri Valley College football team will leave Christmas Day for Orlando, Fla., site of the Tangerine Bowl game January 2.

Coach Volney Ashford said today he hopes to have a week of workouts for the 37 members of the squad for the game with Juniata College of Huntingdon, Pa.

Molony, a graduate of Loyola University with a law degree, began his baseball career with the New Orleans Pelicans in 1948 under Joe L. Brown, now general manager of the Pirates and then president of the Pelicans.

Law School
Molony worked in the Pelicans' ticket office from 1948 through 1950, while he was attending law school. He was promoted to traveling secretary in 1951 and was business manager in 1952 and 1953. The club was sold last year to a group of New Orleans businessmen.

Polk Decisions Alumni Foe In Double Overtime, 64-62

KIRSENGVILLE — Polk High came roaring from behind to grab its second basketball victory in five outings last night with a thrilling 64-62 double overtime decision over the Alumni, here on the high school court.

Polk fought back from the brink of defeat to assume a four-point lead late in the second half, but the Alumni rallied to send the contest into a pair of knock-down, drag-out overtime sessions.

The Alumni, featuring many of the outstanding Polk cagers who graduated in recent years, jumped off to a 14-9 lead at the end of the first period and stretched the advantage to 29-20 with a 15-11 advantage in the second quarter.

Rally
But, the scotastic charges of Coach Art Smith began to make their move in the third quarter when the home team assumed a 23-17 edge. Polk again dominated the final quarter, 13-12, but the score at the end of regulation action was knotted at 38-38.

Polk had assumed a 38-34 lead with one minute remaining in regulation play, but a pair of foul shots by Sherwood Smith and a field goal by Dick Serfass deadlocked the count.

Both teams came up with four points in the first overtime. Serfass notched two field goals for the Alumni, while Earl Meekes canned two foul shots and Charley "Chuck" Raub hit on field goal attempt to force another extra period.

The two squads played cautious basketball in the second and final overtime stanza and a pair of foul shots by Ronnie Smith, his 14th and 15th of the game, gave Polk the victory.

Foul Shooting
Polk, currently holding down third place in the Monroe County League, won the game from the foul line, converting 30 of 41 charity tosses. The Alumni held a 25-17 edge in field goals, but made only 12 of 28 free throws.

Ronnie Smith was the top scorer in the game with 24 points on six field goals and 13 foul shots. Smith attempted 22 free throws. Larry Saunders was next in the scoring line for Polk with 14 counters, while Raub added 11.

Serfass was the big gun in a losing cause with 20 points. The output included nine goals from the floor and two from the charity line. Henry "Hank" Kreechel, on furlough from the service, was the number two point producer for the Alumni with 12 taines.

Another Alumni team won over the Polk junior varsity in the preliminary contest, 46-22.

Fifth Team Enters YMCA Cage Tourney

RED TOP TAVERN, made up of former East Stroudsburg High athletes, became the fifth team to enter the Holiday Basketball Tournament to be held at the Monroe County YMCA next week.

The new entry joins the Stroudsburg, Pocono, Newton, N. J., Gray's Chevrolet and Pocono Lake in the field.

Three More
Bill McDonnell, athletic director at the YMCA, is hopeful of having eight entries in the field.

The tournament will begin next Wednesday and run Thursday and Friday. The championship tussle will be held on Monday, January 2.

Miranda Plays Most Games

BALTIMORE, Md., Dec. 22 —Baltimore's Wee Willy Miranda, whose smooth fielding at shortstop thrilled Oriole fans last summer, outplayed all other American League shortstops during the 1955 season. It was revealed today when the league's officials statistics were made public.

Therefore, the statistics now prove what Baltimore fans and Paul Richards, Orioles' manager, have claimed for months.

Briefly, the official records, as released by Earl Hilligan, manager, American League Service Bureau show that Willy led all other shortstops in the league in: Total games, 153; total chances, 815; put-outs, 300; assists, 181, and number of errors, 34.

Willy's fielding mark of .958 was fourth best in the league, lowered by errors made chiefly in the beginning of the season.

Reasoning
"We firmly believe that Willy Miranda, from July 4 to the close of the season was the best fielding shortstop in baseball," Jack Dunn, III, assistant general manager of the Birds said today.

"Although Willy led the league in actual number of errors (34), this in itself is not significant," Dunn continued.

"A shortstop or any other infielder, is not judged on the number of errors he makes, but by the number of chances he handles successfully, and the number of double plays he participates in."

"Willy leads all other shortstops in these departments by a comfortable margin. It is only natural that a man who handles over 800 chances is going to make more mistakes than a man who handles 300 chances."

RILEY

 By JIM RILEY
Sports Editor

POCONO HIGH vaulted into first place in the Pocono Mountain Basketball League on Wednesday night with a 64-37 nod over Coolbaugh, on the Tannersville court. The win enabled Pocono to gain a hold on the top spot that is certain to last through the Christmas vacation. Although the present campaign is only an infant, people are talking about this Pocono club and comparing it to the 1940, 1941, 1942 and 1946 units that operated for the same school.

Teams in the league still have 11 and 12 more games to play before a champion can be crowned, but Pocono thus far is the class of the circuit. The way the charges of Coach Harry Werkheiser handled previously unbeaten Coolbaugh in the second half on Wednesday stamped the Pocono contingent as the one to beat in the present flag race. The team, including the first seven men, is one of the tallest to ever operate as a unit in the Monroe County League.

Pocono has scored 211 points in three games for an average of 71.3, while the opposition has been held to 116 in the same period of time, or 38.7 markers a contest. Pocono opened with an 83-42 nod over Tobyhanna Township and then followed with a 67-37 verdict over Barrett, prior to whipping Coolbaugh. Pocono will face Polk and Chestnut Hill, two teams the Werkheiser men haven't yet met this season, immediately after the Christmas vacation.

The Tannersville quintet has won four of five games against all opposition, having won over the Alumni in pre-season play. The lone loss was inflicted by Greene-Dreher-Sterling, at Newfoundland, when Pocono had a horrible time getting started in the first half. The host team also had a tough time getting underway in the first period against Coolbaugh, but once Pocono found the range there was no doubt about the outcome.

By winning the first three games, Pocono has put itself right on the spot and will be the target for the remainder of the circuit during the next two and one-half rounds of play. Every league coach, except Barrett's Joe Murray, was on hand to scout the home club. Present were Art Smith, Polk; Bill Frear, Chestnut Hill; and Ronnie Davis, Tobyhanna Township. Murray would have been present, but Joe is currently on the sick list.

Pocono's success to date can be based on three things. The club has height, well distributed scoring punch and it keeps the ball in motion throughout the game. It doesn't lose valuable time by dribbling and appears willing to pass the ball rather than take wild shots at the basket. Another factor in Pocono's favor is that the biggest men on the squad can move with virtually the same speed as the smaller members.

One of the reasons Pocono had a tough time getting started on Wednesday was the presence of Gary Smith in the Coolbaugh lineup. The young center was particularly strong on the defensive backboard during the first period and was continually grabbing the ball away from taller opponents. Both teams appeared to be impressed with the importance of the game during the early moments, as each had an unbeaten record to protect at the opening tap-off.

Injuries continue to pile up on the Chestnut Hill cage machine. Harold "Shorty" Burkett was the latest to join the list when he suffered a sprained ankle recently. Don Beck, like Burkett, a guard on the Chestnut Hill squad, has had a cast placed on his broken little finger and will probably miss several games after the Christmas holidays. The Barrett-Chestnut Hill basketball game, postponed last Tuesday because of a wave of illness at Barrett, will probably be played on Tuesday, January 31, a date set aside by the circuit to play makeup contests.

Harry Costanzo, Tobyhanna Township High forward, is definitely the hard luck player of the Monroe County League this season. Harry won a bout with pneumonia, but suffered a leg injury in the fourth quarter of the only game he has played this season and is now on the shelf indefinitely once again. The officiating job turned in by Jack Kist and Doug Schoonover during the Pocono-Coolbaugh cage battle was truly first rate. This is one of the best officiating teams in the area.

Ensign Bob Fabel, former official in the Monroe County Basketball League, is now calling 'em as he sees 'em at Glenview Naval Air Station, a short distance from Chicago.

West Chester Places Two On All-Star Soccer Squad

PHILADELPHIA, Dec. 22 (AP)—West Chester Teachers and Temple University dominated selection of the 1955 all-star Pennsylvania, New Jersey and Delaware soccer team with two selections each.

The team was picked today by area coaches and officials. It will be submitted to the all-American selection committee of the National Soccer Coaches Association.

The selections include:

Bob Simpson, Temple, left full; Sergio Roy, West Chester, center half; Ray Wilson, West Chester, right half; Richard R. Packer, Penn State, center forward; Frank Fannucci, Temple, inside right.

Mack Holds 93rd Birthday Celebration One Day Early

PHILADELPHIA, Dec. 22 (AP)—"Merry Christmas, merry Christmas, everybody!"

The voice was high and shrill, almost unintelligible, but the lean, towering Christmas tree still commanded the respect that was due Cornelius J. McGillicuddy—baseball's Connie Mack.

Today wasn't exactly Mack's 93rd birthday. The precise date has been lost in antiquity—the records of his entry into the league of the human race at East Brookfield, Mass., have gone the way of many such facts and figures.

The best guess, both Mack's and others, is that he was born Dec. 23, 1862—which would make him 93 tomorrow.

Be that as it may, Mack's son, Roy called a slightly premature celebration at Roy's suburban Bryn Mawr home today to permit his father to mark the occasion with newsmen and photographers.

Injury

Clean shaven and with his hair freshly cut, Mack awaited the "press" in a wheel chair because he hasn't done much walking since he fractured his hip in a fall two and a half months ago.

Just two days ago, Mack emerged from Presbyterian Hospital after a checkup. His physician, Dr. Hilarion I. Gopadze, said the "old man" was recovering nicely from his early fall and another which resulted in a second fracture when he attempted to get out of bed without assistance.

Mack, who managed the Philadelphia (now the Kansas City) Athletics for a half century before his retirement, displayed a good-sized cake with an elephant (the A's traditional symbol) on top.

Along about Jan. 15, Connie plans to fly to Florida to spend the remainder of the winter with another son, Connie Jr.

North Elects Co-Captains

MIAMI, Fla., Dec. 22 (AP)—Arrival of three West Point players and election of co-captains highlighted activity in the North camp today while the South worked on defense for their Orange Bowl meeting Dec. 26.

Don Hollender, Pat Uebel and Ralph Chesnutkas arrived from West Point and five hours later were on the practice field.

Leaders

Freddy Wyatt of West Virginia and Pat Blacaglia of Notre Dame were chosen co-captains of the Yankees. The South yesterday named George Welsh of Navy and Harold Burnette of Missouri as captains.

Art Lewis of West Virginia, who with Bernie Crimmins of Indiana is coaching the North squad, said he was "fine leaders and have sparked the team since the beginning of practice."

New Position For Hokuf

EASTON, Dec. 22 — Steve M. Hokuf, Lafayette College football coach, has been appointed assistant dean of students.

Dr. Ralph C. Hutchison, in announcing the appointment said Hokuf will continue to coach the football team in addition to his duties as assistant dean.

Surprise For Fans

BROOKLYN, Dec. 22 (AP)—Those who feel the Brooklyn Dodgers won the National League pennant with a shaky pitching staff need only to look at the records. They'll be surprised. The Giants won the flag in 1954 with 45 complete games by pitchers. Brooklyn won this year with 47 complete.

Vasquez To Trade Leather With Ryff Today

NEW YORK, Dec. 22 (AP)—Mexico's Baby Vasquez, 24, a newcomer to the east and television fans, makes his Madison Square Garden debut tomorrow night against Frankie Ryff of New York. It's a rugged assignment for the visitors, a 4-1 underdog.

Ryff, 23, is the fourth ranking lightweight contender. The sandy-haired New Yorker has an impressive 19-1 record and is full of fight. Named "rookie of the year" for 1954, the rangy, fast moving Ryff has lived up to the award. He is a fine counter-puncher.

Unbeaten String

Vasquez is a boxer-puncher, who has an unbeaten string of 12 according to Manager George Parnassus. The 5-6 Mexican, who has done most of his leather-pushing in his native country and California, has a 35-8-1 record with 10 knockouts. Ryff has only three kayos to his credit.

The 18-rounder will be televised, coast to coast, (NBC-TV and radio, 10 p.m., EST).

Commercial 'C' To Roll

COMMERCIAL "C" League reg- gers will see action at Harmon's Recreation today at 9:15 p.m. Schedule follows:

Alleys one and two—Cream-ee Ice Cream vs. Tru-Matte.

Alleys three and four—Regina Hotel vs. Cole's Drug Store.

Alleys five and six—Kitty's Tavern vs. Lanterman's Funeral Home.

All-America Squad Of Doctors Listed

WASHINGTON, Dec. 22 (AP)—Something new in all-star football teams—a "medical all-America" composed of one-time gridiron greats who now are doctors—was named today.

Quarterbacked by Dr. W. Barry Wood Jr., the 25-man squad was named by the editors of "Spectrum," a medical journal published by a pharmaceutical firm (Chas. Pfizer & Co., Inc.).

The squad is made up of men who were nationally known stars in their day. For example, Dr. Wood was Harvard's famed all-America of 1931. He is now vice president of Johns Hopkins University and hospital.

Others on the team include:

Names

Backs: Drs. Marvin A. (Ma) Stevens, Yale, 1923, now an orthopedist in New York; Josiah C. McCracken, Penn., 1899, who served as a medical missionary in China for many years; E. Leroy Meyer, Penn., 1910-1912, retired as dean of Penn's department of physical education.

Ends: Drs. Edward N. Anderson, Notre Dame, 1921, now head football coach at Holy Cross; Joseph C. Donchess, Pitt., 1929, chief surgeon of the Gary steel works; H.C. Carlson, Pitt., 1917, head of the men's student health service at Pitt.; A. Harry Kallet, Syracuse, 1911, in general practice in Syracuse.

Tackles: Dr. Otis F. Lamson, Penn., 1905, a surgeon in Seattle, Guards: Dr. Daniel J. Fortmann, Colgate, 1935, surgeon in Hollywood, Calif.

Centers: Drs. Joseph Alexander, Syracuse, 1918-1920, today an internist in New York; and William R. Cunningham, Michigan, 1898, now retired at Grove City, Pa.

Rams Take Drill Holiday

LOS ANGELES, Dec. 22 (AP)—The Cleveland Browns aren't getting enough outdoor practice, and the Los Angeles Rams are getting too much.

So it appeared today as Ram Coach Sid Gillman gave the squad a holiday. He said he feared the players might leave their game for the professional football championship with Cleveland on the practice field.

Snowbound

Reports from Cleveland said the defending champion Browns are still snowbound and unable to work outdoors. Coach Paul Brown and the team are not due in California until Saturday.

Thus Cleveland, still favored by six points, will be able to get in only a day or so of practice outdoors for the big game Monday.

Soccer Players Given Letters

EASTON, Dec. 22 — Thirteen members of the Lafayette College Soccer team have been awarded varsity letters.

Those receiving letters were Bill Webster, Jamesburg, N. J.; David Reeves and Howard G. Reeves, both of Merion; Bill Wilcoxson, Ridgewood, N. J.; James Murphy, Oaklyn, N. J.; John Larson, Wallingford; Alan Pesky, Flushing, N. Y.; Bob Stringle, Newington, Conn.; Charles Ippolite, Jamesburg; Bob Lotz, Philadelphia; Elmer Menges, Ambler; Larry McKnight, Ho-Ho-Kus, N. J.; and Harry Graszek, Holland. Student Manager Harold Reeves, of South Orange, N. J., also was awarded a letter.

Baltimore Signs Pair Of Stars

BALTIMORE, Dec. 22 (AP)—Hal Smith and Gus Triandos, lifelong baseball pals, today signed 1954 contracts with the Baltimore Orioles and each got a "substantial raise."

Asst. General Manager Jack Dunn signed catcher Smith and Triandos, who doubles behind the plate and at first base.

Coldest Day Of Year

By Whitney Martin

NEW YORK, Dec. 22 (AP)—Don Newcombe indicated it would be a cold day before he signed a contract to pitch for the Brooklyn Dodgers for less than \$30,000, and he wasn't fooling.

It wasn't just a cold day; it was the coldest day of the season, around six degrees above zero, when he signed for what the board of unofficial estimates set at \$25,000.

That represents a nice raise of about \$7,500, if the estimate of his wages for 1954 was reasonably close, but we have an idea it might have been even more if the big guy had knocked off the Yankees in the World Series a

couple of times and hadn't had a run-in with Manager Walter Alton last May.

Newcombe pitched six innings of the opening Series game, being clipped for six runs, including three home runs, and although he hung around in uniform the rest of the Series threatening to try it again he never made it, because of a sore arm or something?

His run-in with Alton resulted when he was suspended briefly and fined not so briefly for grumpily refusing to pitch batting practice. Between the World Series showing and the insubordination incident the club had a pretty good talking point

for not offering more money.

There is no discounting his value to the team during the season, though. He was a 20-game winner, sharing that distinction only with the great Robin Roberts.

Considering that Newcombe, as one of only two 20-game winners, will get a reported \$25,000 for 1954, you begin to wonder if papa is right in encouraging sonny-boy to become a pitcher instead of a catcher, or infielder, or outfielder. And also why, if pitching is 70 per cent of a ball club, it isn't reflected in the pay checks.

Roberts' 1953 salary was estimated—there's that word again—at \$42,500, and considering he is, year in and year out, the best pitcher in the National League, that figure would seem to be on the skimpy side.

That is, the sum is moderate in comparison with the wages paid a Ted Williams, or a Stan Musial.

A few years ago when Bob Feller and Hal Newhouse were going great for the Cleveland Indians and Detroit Tigers, respectively, the two clubs carried on a public argument as to which man was getting the higher salary.

We don't recall what the figures mentioned were, but it seems they exceeded \$60,000.
